

GURUJI KRISHNANANDA (1939)

LIGHT

Light, not the physical Light but the subtlest Light, is the Source of all Creation. It is the Source of all positive energies. It is the Source of Love, Peace, Truth, Wisdom and all Life. This Light is GOD.

CHANNELLING

Channelling is allowing the Light to descend into us by intending and then spreading It around the world. Our body transforms the frequency to the grosser level.

The vibrations from the Light reach all beings and nature. They carry the energies of Healing, Love, Peace and all Positivity. They help Transformation. We will be better human beings. The world will be a better world.

TECHNIQUE

Imagine an ocean of Light above you. Imagine the Light descending and filling up your body. Then, experience the Love, Light and Peace of the Light for a minute and then, imagine It spreading out gradually to your school, locality, country and world.

Practise this for a minimum period of seven minutes.

A MESSAGE

Guruji Krishnananda

The school children amaze me. The teachers amaze me. The school authorities amaze me.

The children pray to the Light to remove a bad habit of their parents. The teachers pray to the Light for peace and solutions to their problems. The school authorities understand the importance of the Light and allow us to help channel Light in their schools. These people understand the Light and trust It. This could not have happened but for the awakenings. These wonderful people have allowed the awakenings to happen. This is not a small feat. It is a miracle.

I have witnessed great changes and miracles happening in these years. But this silent miracle touches my heart. I can see the processes of Transition to the New Age working beautifully well here. I am glad that we approached the schools for the Revolution by Light to begin. It has begun. And it will spread to others.

HAPPENINGS

Jayant Deshpande

It is overwhelming to understand that the School Teachers, Students and the Authorities have taken up channelling so sincerely. A boy wants his father to give up drinking and he approaches Light with total faith. Light reciprocates. Application of Light in difficult situations like this is bringing miraculous results. The school children inspire us to explore and become aware of our most beautiful relationship with Light.

The number of schools participating in channelling is increasing gradually. Children in more than 700 schools channel Light daily now.

LIGHT WORKS

Manoj Chopra

A New Year 2012 began with bewilderment and excitement. This year will be another step into Light Age. Although world has not taken Light seriously yet, but there is a hope. These children are our channels and they are our hope.

Another 'World Channels Day' and we have another opportunity to serve our Mother Earth. Light channelling team is working for this day with passion to excel. Their Love for the work is unimaginable. Their oneness is backbone of Light Channelling Movement.

On this 'World Channels Day' let us intend to remove fear, spread Love and Peace everywhere.

TRANSLUCENT BEGINNINGS

Padmaja Balaji

'Why do I have tears?'

The little girl standing in front of me demanded an explanation after the Light channelling session. I was speechless for a moment. And my mind dug an experience from the past.

What glory!

My throat choked with emotions as if the mammoth artefact gave me a warm shining smile from a distance. She has managed to withstand the test of time witnessing years of human hypocrisies.

Smitten by her sheer awesomeness, I too, along with the awed sea of humanity, glided towards the Great Pyramid of Giza to have a closer look.

How could human labour have been employed ruthlessly to move those big boulders one atop the other to such a great height with precise geometrical measurements, as explained by my guide?! In fact, I could feel her resonating with Love. So, I disbelieved him and his theories, for I could not associate such cruelty with the structure. To be precise, I felt that it is a teaser and reminder from the Great Intelligence for the present generation to dig deep inside them for answers.

As I turned my head to catch a glimpse of her for one last time before boarding the bus, I saw Sun peeping from behind in spite of the December laziness. It was symbolic that the time for Light to shine in all glory and splendour has come!

I replied to the little girl softly, 'You are touched by the Divine Love of Light.'

And she happily accepted my words with a nod as if the statement is translucent to her understanding.

As I walked out of her class, I realised that the children are already aligned with the Great Intelligence of Light. ■

CHILDREN OF HEAVEN

Manikandan B

Schools are becoming energy banks from where Light spreads to the whole world, touching all life forms. We cannot thank enough the school authorities for their cooperation and love. We the volunteers are so fortunate to meet many untiring selfless teachers who role-play mothers, guides and leaders.

When the students get rid of exam fear and anxiety, with the help of simple Light channelling practice, the joy of teachers and parents knows no bounds. Light always helps them. It is heartening that everyday thousands of new students join this world movement by channelling Light. This is a movement that operates in silence and provides best working environment for the volunteers.

Each session gifts us new and memorable experiences. When we enter the class rooms, students stand up and wish us with respect and when we thank and leave the class, after the beautiful session of channelling, the energised students stand up again and thank us this time with love and fulfillment. We believe that they share their wonderment throughout the day. These students are making Light their best friend.

With nursery kids, our work becomes very simple. We make an attempt to make them close their eyes; failing happily most of the times; but Light never fails. Even with open eyes they can see the shine, touch the purity and feel the expansion of Light spontaneously! We should politely admit the fact that we have wasted a lot of time searching the keys for the door of eternal happiness with our intellect; whereas these angels simply find the door already open with their innocence.

Light age is not far away when we allow the innocence to rule our intellect; when we allow the love to conquer our logic. How true it is that these silent little heroes are our hope. Let us honor them and join their ways. ■

EXPERIENCES

(Compiled by Vaishali Joshi)

I feel warm when I channel the Divine Light into my body. Everything and everyone around appear fresh and bright, when I open my eyes after the whole process.

- Mrs. Pankaja, Teacher, Achala Vidya Mandira High School, Bangalore

I eagerly wait for the moment to give Light Channelling instructions to the students in the assembly every morning. Besides this, I also practise on and off when I am highly depressed. Channelling of Light definitely has a calming effect. It helps me come out of my distress, forget my problems and do my school work more effectively. On several occasions I have felt that Light has a healing effect and has reduced my knee pain to a commendable extent.

The process of channelling the Divine Light into our bodies and spreading it all around to the entire world in a span of 7-10 minutes has yielded tremendous amount of positivity mentally, physically and environmentally! It is God-sent especially in these days of stressful, busy and tensed urban life! It has definitely made the world a better place to live in!

- Mrs. Tara Manjunath, Teacher, Achala Vidya Mandira High School, Bangalore

My father had loans. After praying to Light, the loans are cleared now.

- Prashanth, Std. VII, Devarayammal Tamil Primary School, Bangalore

It was a great experience. It was hectic for 2 days due to the camp arrangements, but post session I feel fresh, energized and all my strain has vanished. It's just as if it is morning now.

- Mr. Birajdar, Kalbhairavnath Madhyamik Vidyalaya, Malkhed Village, Dist Pune

When the session began my whole mind was very pleasant and it had no other thoughts except the white Light filling up the whole country. I really felt very delightful. I would like to continue everyday in my life and also look at results afterwards.

- Keerthi, Std. VIII, DAV Public School, Hyderabad

My father used to drink. I started practising Light Channelling. Now he has stopped drinking.

- Vineeth, Std. VI, Devarayammal Tamil Primary School, Bangalore

Light channelling helped the students as well as teachers to find their inner peace and calmness which will help to build concentration and make them stress-free when practised regularly. We thank you immensely for sharing your precious time and knowledge with us.

- Smt. Chandrakala Venkatesh, Headmistress, S. L. V. Vidyanikethan School, Bangalore
